Currently, IDPH is reporting a total of 999,288 cases, including 17,096 deaths, in 102 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. Within the past 24 hours, laboratories have reported 80,974 specimens for a total 13,698,428. As of last night, 3,928 in Illinois were reported to be in the hospital with COVID-19. Of those, 812 patients were in the ICU and 451 patients with COVID-19 were on ventilators.

The preliminary seven-day statewide positivity for cases as a percent of total test from December 20, 2020 – January 5, 2021 is 8.4%. The preliminary seven-day statewide test positivity from December 30, 2020 – January 5, 2021 is 9.9%.

The previous mask mandate established through an emergency rule to the Control of Communicable Disease Code expired on January 3, 2021. However, a subsequent emergency rule was filed January 4, 2021 and is in effect for 150 days.

\*All data are provisional and will change. In order to rapidly report COVID-19 information to the public, data are being reported in real-time. Information is constantly being entered into an electronic system and the number of cases and deaths can change as additional information is gathered. Information for deaths previously reported has changed, therefore, today's numbers have been adjusted. For health questions about COVID-19, call the hotline at 1-800-889-3931 or email [dph.sick@illinois.gov](mailto:dph.sick@illinois.gov).
