Currently, IDPH is reporting a total of 115,833 cases, including 5,186 deaths, in 100 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. Within the past 24 hours, laboratories have reported 25,993 specimens for a total of 829,966. The preliminary seven-day statewide positivity for cases as a percent of total test from May 21–May 27 is 8.3%

\*All data are provisional and will change. In order to rapidly report COVID-19 information to the public, data are being reported in real-time. Information is constantly being entered into an electronic system and the number of cases and deaths can change as additional information is gathered. Information for a death previously reported has changed, therefore, today's numbers have been adjusted. For health questions about COVID-19, call the hotline at 1-800-889-3931 or email [dph.sick@illinois.gov](mailto:dph.sick@illinois.gov).
