Public Health Officials Announce 1,373 New Confirmed Cases of Coronavirus Disease

SPRINGFIELD – The Illinois Department of Public Health (IDPH) today announced 1,373 new confirmed cases of coronavirus disease (COVID-19) in Illinois, including five additional confirmed deaths.

- Cook County: 1 female 70s
- Madison County: 1 female 70s, 1 female 80s
- Randolph County: 1 female 80s
- Rock Island County: 1 male 60s

Currently, IDPH is reporting a total of 262,744 cases, including 8,314 deaths, in 102 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. The preliminary seven-day statewide positivity for cases as a percent of total test from September 7 – September 13 is 3.6%. Within the past 24 hours, laboratories have reported 35,930 specimens for a total of 4,771,796. As of last night, 1,431 people in Illinois were reported to be in the hospital with COVID-19. Of those, 335 patients were in the ICU and 131 patients with COVID-19 were on ventilators.

Following guidance from the Centers for Disease Control and Prevention, IDPH is now reporting separately both confirmed and probable cases and deaths on its [website](#). Reporting probable cases will help show the potential burden of COVID-19 illness and efficacy of population-based non-pharmaceutical interventions. IDPH will update these data once a week.

*All data are provisional and will change. In order to rapidly report COVID-19 information to the public, data are being reported in real-time. Information is constantly being entered into an electronic system and the number of cases and deaths can change as additional information is gathered. For health questions about COVID-19, call the hotline at 1-800-889-3931 or email dph.sick@illinois.gov.
