Currently, IDPH is reporting a total of 925,107 cases, including 15,643 deaths, in 102 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. Within the past 24 hours, laboratories have reported 94,909 specimens for a total 12,782,980. As of last night, 4,488 in Illinois were reported to be in the hospital with COVID-19. Of those, 944 patients were in the ICU and 518 patients with COVID-19 were on ventilators.

The preliminary seven-day statewide positivity for cases as a percent of total test from December 17 – December 23, 2020 is 7.2%. The preliminary seven-day statewide test positivity from December 17 – December 23, 2020 is 8.9%.

\*All data are provisional and will change. In order to rapidly report COVID-19 information to the public, data are being reported in real-time. Information is constantly being entered into an electronic system and the number of cases and deaths can change as additional information is gathered. Information for a death previously reported has changed, therefore, today's numbers have been adjusted. For health questions about COVID-19, call the hotline at 1-800-889-3931 or email [dph.sick@illinois.gov](mailto:dph.sick@illinois.gov).
